Adani Ports & SEZ Limited Summer Internship 2025 Program For Students

Description

Adani Ports & SEZ Limited is one of India's leading integrated port infrastructure and logistics companies. With a strong presence across the Indian coastline, we are committed to transforming the way goods move, enhancing trade, and fostering economic growth. Join us in our mission to connect India and the world through world-class port operations and innovative logistics solutions.

As an Operations Manager at Adani Ports & SEZ Limited, you will play a pivotal role in overseeing and optimizing our port operations. You will be responsible for ensuring efficient cargo handling, safety, and compliance with all relevant regulations. This role demands strong leadership, strategic thinking, and the ability to drive operational excellence.

Responsibilities

- Manage day-to-day port operations, including cargo handling, vessel scheduling, and equipment maintenance.
- Develop and implement operational strategies to optimize productivity, minimize downtime, and reduce costs.
- Ensure compliance with safety regulations and maintain a safe working environment for all employees.
- Collaborate with cross-functional teams to streamline processes and improve operational efficiency.
- Monitor and report on key performance indicators (KPIs) to senior management.
- Train and develop a skilled workforce to meet operational needs.
- Handle emergency situations effectively and implement contingency plans.
- Foster a culture of continuous improvement and innovation within the operations department.

Qualifications

- Bachelor's degree in a relevant field (e.g., Logistics, Supply Chain Management, Engineering).
- Proven experience in port or terminal operations management.
- Strong knowledge of maritime regulations and safety standards.
- Excellent leadership and team management skills.
- Exceptional problem-solving and decision-making abilities.
- Effective communication and interpersonal skills.
- Ability to work under pressure and handle challenging situations.
- Knowledge of modern operational software and tools.

Experience

- Minimum of 5 years of experience in port or terminal operations.
- Previous experience in a managerial or supervisory role.
- Proven track record of improving operational efficiency and safety.
