## Betsi Cadwaladr University Health Board 2025 Internship Biomedical Scientist

### Description

Betsi Cadwaladr University Health Board (BCUHB) is offering a unique opportunity for aspiring biomedical scientists to embark on a promising career in healthcare. The BCUHB 2023 Internship Biomedical Scientist program is designed to provide hands-on training, exposure, and experience to students who are passionate about making a difference in the field of biomedical sciences.

### Responsibilities

As an intern, you will work alongside experienced biomedical scientists and clinicians to learn and understand the daily tasks and responsibilities of a biomedical scientist. You will be responsible for assisting in the performance and interpretation of laboratory tests, maintaining accurate records, and performing quality control procedures. You will also be responsible for adhering to strict laboratory safety protocols and ensuring the accuracy and reliability of laboratory results.

### Qualifications

To be eligible for the BCUHB 2023 Internship Biomedical Scientist program, you must be enrolled in an accredited biomedical science program or have recently graduated from such a program. You must also have a passion for healthcare and a desire to learn and grow in the field of biomedical sciences.

### Job Benefits

The BCUHB 2023 Internship Biomedical Scientist program offers a wide range of benefits, including:

1. Hands-on training and experience in a real-world laboratory setting.
2. Exposure to a wide range of laboratory tests and procedures.
3. Networking opportunities with experienced biomedical scientists and healthcare professionals.
4. A competitive stipend for the duration of the internship.

### Contacts

For more information about the BCUHB 2023 Internship Biomedical Scientist program, please contact the BCUHB HR department at [hr@bcuhb.wales.nhs.uk](mailto:hr@bcuhb.wales.nhs.uk) or visit their website at [www.bcuhb.nhs.uk/internship](http://www.bcuhb.nhs.uk/internship).

Betsi Cadwaladr University Health Board

### Employment Type

Intern

### Duration of employment

6 months

### Job Location

Wrexham, Wales, United Kingdom,  
LL 11, Wrexham, Wales, United Kingdom

### Working Hours

8

### Base Salary

10

### Date posted

June 12, 2025

### Valid through

24.04.2027

**Experience**

While previous laboratory experience is not required for the BCUHB 2023 Internship Biomedical Scientist program, it can be beneficial. Candidates with previous laboratory experience may have a better understanding of laboratory protocols, procedures, and equipment, which can be helpful in the program.

**Skills**

To succeed in the BCUHB 2023 Internship Biomedical Scientist program, you will need to have the following skills:

1. Attention to detail: Biomedical scientists must be able to follow strict laboratory protocols and procedures, and ensure the accuracy and reliability of laboratory results.
2. Analytical thinking: Biomedical scientists must be able to analyze laboratory results and data, and interpret them accurately.
3. Communication: Biomedical scientists must be able to communicate effectively with other laboratory personnel, healthcare professionals, and patients.
4. Problem-solving: Biomedical scientists must be able to identify and solve laboratory problems, and troubleshoot equipment and procedures when necessary.
