Ferguson plc Internship 2025 Program For Students

Description

Ferguson plc is seeking an experienced Operations Manager to oversee and optimize our day-to-day business operations. As a key member of our team, you will be responsible for ensuring the efficiency, effectiveness, and profitability of our operations. You will play a pivotal role in driving process improvements, managing resources, and fostering a culture of continuous improvement.

Responsibilities

- Lead and manage the daily operations of the company, ensuring alignment with strategic goals and objectives.
- Develop and implement operational strategies to enhance productivity, reduce costs, and improve customer satisfaction.
- Monitor key performance indicators (KPIs) to track operational performance and make data-driven decisions.
- Identify areas for process improvement and develop and implement solutions to drive operational efficiency.
- Supervise and support a team of employees, providing coaching and mentoring to enhance their performance and professional development.
- Collaborate with cross-functional teams to ensure seamless coordination across various departments.
- Oversee inventory management, supply chain, and logistics to optimize product availability and delivery timelines.
- Ensure compliance with regulatory requirements and industry standards.
- Prepare regular reports and presentations to communicate operational performance and improvements to senior management.

Qualifications

- Bachelor's degree in Business Administration, Operations Management, or a related field (Master's degree preferred).
- Proven experience in operations management, with a minimum of 5 years in a leadership role.
- Strong understanding of business operations, supply chain management, and process optimization.
- Excellent analytical and problem-solving skills.
- Exceptional leadership and team management abilities.
- Effective communication and interpersonal skills.
- Proficiency in using data analytics tools and software.
- Familiarity with industry regulations and compliance standards.

Experience

- Minimum of 5 years in operations management, with a track record of delivering results and improving operational efficiency.
- Experience leading and developing cross-functional teams.
