## Pfizer Internship Undergraduate Manager Clinical Pharmacology

### Description

The Pfizer Internship Program offers an exciting opportunity for undergraduate students interested in clinical pharmacology. As an Undergraduate Manager Clinical Pharmacology at Pfizer, you'll gain valuable experience working with a team of professionals in the pharmaceutical industry. This is a unique opportunity to contribute to the development of life-saving drugs and therapies.

### Responsibilities

As an Undergraduate Manager Clinical Pharmacology, you'll be responsible for supporting the clinical pharmacology team in the execution of clinical trials. You'll be responsible for reviewing and analyzing clinical data, and ensuring that trials are conducted in compliance with regulatory requirements. Additionally, you'll have the opportunity to contribute to the development of new clinical trial protocols and support the preparation of study reports.

### Qualifications

To be considered for this opportunity, you must be an undergraduate student pursuing a degree in pharmacology, biology, chemistry, or a related field. You should have a strong academic record and have completed coursework in pharmacology, clinical trials, or statistics. You should also possess excellent communication skills, be able to work independently, and have a passion for the pharmaceutical industry.

### Experience

Previous experience working in a research laboratory or clinical trial setting is preferred but not required. However, the successful candidate must be able to demonstrate a strong interest in the pharmaceutical industry and a desire to learn and grow within the field of clinical pharmacology.

### Skills

In addition to the qualifications and experience mentioned above, the successful candidate should possess strong problem-solving, critical thinking, and analytical skills. You should be able to think strategically and be comfortable working in a fast-paced environment. Excellent written and verbal communication skills are also a must-have, along with strong attention to detail and the ability to work independently.

### Job Benefits

The Pfizer Internship Program offers a comprehensive benefits package, including competitive pay, health and wellness benefits, and opportunities for professional development. You'll have the opportunity to work with and learn from some of the best professionals in the pharmaceutical industry, and gain valuable experience that will help you in your future career endeavors.
