

## Reliance Industries Limited Paid Internship Summer Opportunities For Recent Graduates

### Description

Reliance Industries Limited is seeking a Senior Financial Analyst to join our dynamic finance team. In this role, you will play a key part in the financial planning and analysis process, contributing to the company's strategic decision-making. The ideal candidate will have a strong background in financial analysis, a deep understanding of financial principles, and excellent communication skills.

### Responsibilities

1. Financial Analysis: Conduct in-depth financial analysis to support business units and senior management in making informed decisions.
2. Budgeting and Forecasting: Assist in the development of annual budgets and periodic forecasting, ensuring accuracy and alignment with organizational goals.
3. Variance Analysis: Analyze financial performance against budgets and forecasts, identifying variances and recommending corrective actions.
4. Financial Modeling: Develop and maintain financial models to support business initiatives, investment decisions, and long-term planning.
5. Reporting: Prepare and distribute financial reports, KPIs, and dashboards to management, providing insights and recommendations.
6. Strategic Support: Collaborate with cross-functional teams to provide financial insights and contribute to strategic planning efforts.
7. Risk Assessment: Identify financial risks and opportunities, providing proactive recommendations to mitigate risks and capitalize on opportunities.

### Qualifications

- Bachelor's degree in Finance, Accounting, or a related field (MBA or CFA preferred).
- Minimum of 5 years of experience in financial analysis or a related role.
- Proficiency in financial modeling, data analysis, and advanced Excel skills.
- Strong understanding of accounting principles and financial concepts.
- Excellent analytical and problem-solving abilities.
- Effective communication and presentation skills.
- Ability to work independently and in a team.

### Experience

- 5+ years of experience in financial analysis or related roles.
- Experience in a multinational corporation or a similar industry is a plus.

### Skills

- Financial modeling
- Data analysis
- Budgeting and forecasting
- Advanced Excel skills
