Vodafone Group Summer Internship 2025 Opportunities For Recent Graduates

Description

Vodafone Group is seeking a Senior Network Engineer to join our dynamic and innovative team. As a Senior Network Engineer, you will play a critical role in designing, implementing, and maintaining our global network infrastructure. You will collaborate with cross-functional teams to ensure the highest levels of network performance, security, and reliability.

Responsibilities

- Design, configure, and maintain network infrastructure, including routers, switches, firewalls, and load balancers.
- Monitor network performance and troubleshoot issues to minimize downtime and ensure optimal performance.
- Implement and maintain network security protocols and best practices to safeguard against threats and vulnerabilities.
- Collaborate with the architecture team to develop network solutions that align with business objectives.
- Participate in capacity planning and network optimization efforts.
- Provide technical guidance and mentorship to junior network engineers.
- Document network configurations, procedures, and troubleshooting steps.

Qualifications

- Bachelor's degree in Computer Science, Information Technology, or related field.
- Minimum of 5 years of experience as a network engineer in a large-scale enterprise environment.
- Cisco Certified Network Professional (CCNP) or equivalent certification preferred.
- Strong understanding of networking protocols, including TCP/IP, BGP, OSPF, and MPLS.
- Proficiency in network design, configuration, and troubleshooting.
- Knowledge of network security principles and practices.
- Excellent communication and teamwork skills.

Experience

- Minimum of 5 years of experience in network engineering.
- Experience with Cisco networking equipment and technologies.
- Hands-on experience with network monitoring and troubleshooting tools.
- Experience with cloud networking solutions (e.g., AWS, Azure) is a plus.
- Familiarity with software-defined networking (SDN) concepts is advantageous.

Skills

- Strong analytical and problem-solving skills.
